

# SCHEMA BIRD, CAT, WOLLY

design meneghello paolelli  
associati

Sembra di sentirlo cinguettare. È il radiatore Schema Bird in cui la figura del volatile è ottenuta interpretando con fantasia il modello Schema Plain.

Schema Cat è un radiatore multifunzionale. Il corpo del termoarredo sagomato a forma di gatto è destinato a scaldare la camera dei bambini oppure l'ambiente bagno nella versione con il tubo flessibile che simula il collare dell'animale e adibito a porta salviette.

Dalle linee arrotondate e con due buffe zanne prominenti il radiatore Wolly assume le sembianze di un simpatico tricheco. Il muso dell'animale è ottenuto con pochi tagli stilizzati sull'ampia superficie radiante realizzata in alluminio.

You expect it to start chirping any moment: it is the Schema Bird radiator featuring a bird-like image obtained by reinterpreting with imagination the Schema Plain.

Schema Cat is a multifunctional radiator. With its original cat-shaped body, this radiator goes well in a child's room, or, in its version with a hose simulating a cat collar and serving as a towel warmer, in a bathroom.

With its rounded lines and funny elongated tusks, Schema Wolly takes on the appearance of a friendly walrus. The animal's muzzle has been obtained with a few stylised signs cut into a large radiant surface made from aluminium.
